IAQA Approved Indoor Environmentalist Training Programs taught by the IAQ Training Institute includes two levels of education and hands on training. Our focus is on helping consultants and building owners/managers maintain Healthy Homes and Buildings.

The **Fundamentals Level** is focused on the basics of indoor environmental quality. It focuses on residential indoor environmental quality issues but includes basics for any type of building. The **Intermediate Level** is more focused on Healthy Buildings and commercial indoor environmental quality issues. **Advanced Level** training is available at our annual Healthy Buildings Summit at Seven Springs Resort for more info on the HBS check out our website www.iaqtraining.com

- Learn to provide indoor environmental consulting services in residential and commercial buildings
- Receive a "Certificate of Completion" from the IAQA and IAQ Training Institute
- Get CE credits good for renewal of ABIH, ACAC and IICRC certifications
- Prepare for the *ACAC, CIE or CIEC certification

Joe "Radio Joe" Hughes
President, IAQ Training Institute

The IAQ Training Institute courses are taught by Radio Joe Hughes and a select group of industry experts. Radio Joe has over 30 years experience teaching indoor environmental consulting and remediation courses. He is a member of the IAQA Hall of Fame and Co-host of IAQ Radio where he has interviewed over 500 leading IAQ, disaster restoration and building science experts. Joe has extensive hands on experience in investigation and remediation of buildings.

* Discount For IAQA Members – Membership application available at www.iaqa.org
